ASHK Examination

(Certificate in Hong Kong Insurance Markets and Regulations
– Life Insurance/General Insurance)

Student Scholarship Official Rules

Introduction

The ASHK Examination Scholarship Programme is designed to raise awareness of the ASHK Examination among key stakeholders in actuarial profession by supporting university students who wish to pursue an actuarial career to gain knowledge of the Hong Kong regulatory environment through the local examination.

The Scholarship is also part of our commitment to promoting the highest standards of local insurance market and regulatory knowledge and professional excellence within the actuarial profession. Our scholarships help make the ASHK Examination more attainable and give more local university students an opportunity to advance their career. The most effective motivation is that the ASHK Examination could make a difference for them in job hunting upon graduation and thus for their future career development in the profession.

Since the ASHK Examination is only open to all ASHK members, the scholarship candidate must join our society as our student member in order to be eligible for the scholarship.

About the ASHK

The Hong Kong actuarial profession body was formed in 1968 as the Actuarial Association of Hong Kong (AAHK) and, 26 years later, its successor, the Actuarial Society of Hong Kong (ASHK) was duly incorporated in January 1994. The ASHK is a full member of the International Actuarial Association (IAA), which has 74 full member organisations and 26 associate member organisations around the world. As of October 2019, the membership of the ASHK is 1,393 with 1,082 Fellows fully qualified mostly through examinations by the professional bodies in the UK, USA and Australia. It is one of the largest such professional bodies in Asia. The ASHK is governed by an elected Council with a President, an Immediate Past President, a Vice President and 10 Council Members. The ASHK sets certain Professional Standards and Actuarial Guidance Notes for members to follow,
